

Photography

It is not the intention of BG or RGA to prevent parents from taking pictures of their children but rather to ensure photographic practices are carefully monitored to allow the authorities to act if inappropriate imagery is circulated and to deter anyone with undesirable intentions.

RGA adopts BG policy statement for the use of filming via, camera, video or mobile phone at all competition or events.

Any parent amateur or professional photographer or any person using picture recording equipment must provide the club with all relevant details and have the permission of the club.
